Sensing the great demand for **nursery trained teachers** in all the schools and the dire need for play-way method of teaching the Tiny tots, with definite developmental goals in this fast growing society, Babyland Early childhood care and Education Centre, initiated the **ECCE course**, the first of its kind in Mangalore back in 2001, with the intent of providing competent and confident **Pre- Primary teachers** for the society. The passed out ECCE students are well accomplished all over the world, in this field of education.

Highlights of the course:

- Motivated towards **life values for the total development** of the human being.
- Experience in the caring methods of making **child-hood a Happy past**.
- **Value education** – To nip in the bud, the negative feeling and behaviour pattern of tiny tots and to draw out the positive, healthy moral and social values.
- **Need-based-orientation** to make Pre-Primary learning an unforgettable sweet memory.

Contents of the course:

Introduction to Early Childhood Care and Education.
Introduction to Child Development, Health and Nutrition.
Methods and Strategies in Early Childhood Care and Education.
Introduction to Early Childhood Inclusive Education.
Organization and Supervision in Early Childhood Care and Education Settings
Introduction to Value Education.
